3. <http://www.arvindguptatoys.com/toys/Treenameplate.html>

<u>Emotion content</u>	<u>Cognitive content</u>	<u>Action</u>
-How do you feel among plants and trees? -What can plants teach us about being patient and kind? -Do you have any experience in taking care about plants? If so, what does it feel?	-Students learn about plant diversity and ecosystems. -They explore what plants need to grow.	Interactive BBC game: What do plants need? (see link 1) Create recycling tree model: (see link 2) Draw plants on A1 sheets with natural materials. Discussion: WHY DO WE NEED PLANTS? Make nameplates for trees: (see link 3) Prezi/Popplet presentation: Plants on Earth.

Instructions:

Students rotate between activity stations. Teachers facilitate exploration and creativity.

Teachers' notes:

Encourage curiosity, teamwork, and environmental awareness.
