

Lesson plan: THE IMMUNE SYSTEM

School:

Class:

Subject: Biology

Teacher:

Goals: Understand how our body defends itself against bacteria and viruses.

Book, pages, websites:

Book, pages, websites: See links in activities below.

1. <http://www.arvindguptatoys.com/arvindgupta/pop-6-human-body.pdf>
2. <http://www.nobelprize.org/educational/medicine/immunity/>

<u>Emotion content</u>	<u>Cognitive content</u>	<u>Action</u>
How do you feel when you are sick? What can you do to help your body stay strong and healthy? Who helps you when you are sick? How can you help when your mother gets ill?	Students learn about the immune system and microorganisms. They discuss bacteria and diseases.	Prepare Prezi/Popplet presentation: IMMUNE SYSTEM. Play fact-based immunity game. Discussion: WHAT HAPPENS WHEN WE GET SICK? See link 1 Interactive Nobel Prize game: (See link 2)

Instructions:

Students rotate between activity stations. Teachers facilitate exploration and creativity.

Teachers' notes:

Encourage curiosity, teamwork, and environmental awareness.
